If you are one who likes to have things well balanced, it might be noted that on Monday the sun rose at 5:51 A.M. and set at 5:51 P.M. Do not think that happens too often, the day equally divided. Daylight hours are getting shorter and lots of lights turned on early-pearly in the morning. As a rule I am up by six.

Came across a quotation from the late President Theodore Roosevelt. He said: "Our faith in the future of the Republic is firm, because we believe that on the whole and in the long run our people think clearly and act rightly." I agree.

•

Within a few days now, Circuit Court Judge George George F. Abbitt, Jr. will be retiring and we would like to associate - ourself with those who are saluting him for his distinguished career. He is an outstanding scholar, churchman and Virginia Gentleman. Ways must be found to keep him busy in the community, as we need his leadership.

Football . . . ACHS is gaining momentum, with a win over Nelson County, and faces Amherst and other league rivals. Ah yes, and some of the top games involve so-called smaller colleges, such as the Madelon - Hampden-Sydney game on TV Saturday. Another game one may favorite Slippery Rock beat to C. W. Post, six to three.

Had a letter Monday from Mrs. A. O. Guy, Sr., of Mephis, Tenn. She will be remembered here as the former Faith Lewis, daughter of the late Rev. and Mrs. G. W. Lewis. Dr. Guy is pastor of Macon Christian Church, Memphis. A son is a minister in Kansas City, Mo., a daughter received her doctorate degree and teaches at Mephis State University, and a daughter has a master's degree and is a teacher. Fine people and thanks for the letter.

• • •

Also a letter from Mrs. Martha Stimpson, who is on the staff of The Gretna Gazette, which is going semi-weekly. She enclosed a copy of this interesting paper.

•

Once again Mr. and Mrs. Rufus Cawthorne remembered us while on a trip up around Williamsport, Pa. Brought by two newspapers from that area, and a bag of splendid tomatoes. "Rich soil up there," says Rufus. My own tomatoes are through bearing. Heard of one gardener who said his tomatoes were small . . . took sixteen to make a dozen.

I read a lot, and I read of the Sunday School teacher who was telling her class about Lot's wife, and that she looked back and turned into a piller of salt. One bright boy in the class raised his hand and said that his mother looked back while driving the car and turned into a telephone pole.

The fourth annual Historic Appomattox Railroad Festival to be held on Saturday and Sunday, Oct. 16th and 17th, will again feature FREE rides for youngsters on the Woodmen of the World Choo-Choo. The W.O.W. train is being sponsored this year through the generosity of local businesses placing advetisements in a souvenir program book on the festival to be sold for 50¢ during the festival.

In addition to the train, more special recreational features are planned for the kiddies. Jimmy Rogers will again operate his kiddie swing set. Also, plans are being made to secure a few more small rides for entertainment of the young "railroad buffs."

5th Annual Bike-A-Thon Set For October 10th

The Fifth Annual Bike-A-Thon in Appomattox County will be held on Sunday, October 10 beginning at 2 p.m., according to Dr. C. G. O'Brien, President of the Appomattox County Unit, American Cancer Society.

The Bike-A-Thon is sponsored by the Appomattox County Unit of the American Cancer Society in an effort to raise funds that will help in the fight against cancer.

Both adults and teens are invited to participate in the 10-mile bike ride. Riders, by getting pledges for any amount per mile they complete in the ride, from friends, relatives and neighbors, earn money for the fight to conquer cancer. IN YOUR LIFE TIME. Trophies will be awarded to the two top clubs or classes that ride as a group and to the adult getting the most money for the ten mile ride on October 10.

The same route as in previous years will be followed again this year and a map of the route will be printed in the Times-Virginian prior to the day of the Bike-A-Thon.

All persons interested in partipating in the Bike-A-Thon may get an entry blank at Appomattox County High School or at Appomattox Middle School from the office of the principal. Members of the 4-H Clubs have this information, also.

First National Park Service Superintendent Named For Valley Forge Park Area

H. Gilbert Lusk

H. Gilbert Lusk, 33, has been selected as the first National Park Service superintendent of the newly-authorized Valley Forge National Historical Park, Pa.

Lusk's appointment, effective October 10, was announced today by Chester L. Brooks, director of the Park Service's Mid-Atlantic Region, headquartered in Philadelphia.

"It may be some months before we assume operational control of the park," Brooks said, "but we can smooth the transition from State to Federal management by naming our superintendent now and bringing him to the area early."

Lusk obtained a history degree from Gettysburg (Pa.) College in 1965. He has served as superintendent of Appomattox Court House National Historical Park since 1974. In previous assignments he was the first superintendent of Wolf Trap Farm Park for the Performing Arts in Vienna, Va., and supervisory park ranger on the Blue Ridge Parkway, N.C.-Va.

At Wolf Trap, as he will do at Valley Forge, Lusk dealt with citizens in a metropolitan suburban setting as he brought a new national park area into the System.

Lusk joined the Park Service as a summer employee and historian at Castillo de San Marcos National Monument, St. Augusting, Fla., in 1962. He has also served as a historian at Colonial National Historical Park, Yorktown, Va., Grand Canyon National Park, Az.; Booker T. Washington National Monument, Va.,; and Cape Hatteras National Seashore, N. C. In 1969 he was an environmental program specialist in Cedar City, Utah, serving Bryce Canyon and Zion National Parks and Cedar Breaks National Monument. He also served for a time as an interpretive planner in Washington, D. C., national headquarters of the Park Service.

"When he arrives at Valley Forge," Brooks said, "Gil Lusk will work with State Park Superintendent Horace Willcox members of the park commission, and community leaders to develop a National Park Service program for operating one of the most venerated places in American history."

Lusk's initial task will be to coordinate historical research relating to the Revolutinary Army's bitter winter encampment at Valley Forge in 1777778.

The National Park Service has requested Congressional funding of Valley Forge park operations in the fiscal year which begins October 1, Brooks noted. "As soon as we can get operating funds and initial staffing, the Park Service can take over running the 2,300-acre park," the regional director said. "We hope that the President's recently announced Bicentennial Land Heritae Program may enable us to move quickly to purchase the industrial tract currently located in the heart of the park," he added.

Lusk is a native of Oakland, N. J. His wife, Mildred, is from Stewartsville, Va. A skilled pottery maker, she served as executive director of the Historic Appomattox Arts and Crafts Center during her husband's assignment at Appomattox.

1976 Goal Set For $12,500

Henry Pack, Mayor of the Town of Appomattox, and Jim Williams, Mayor of Pamplin, have both proclaimed the month of October as Appomattox County Rescue Squad Month.

In issuing the proclamation, both mayors stated that they were pleased to do this on behalf of the volunteer members of the Appomattox County Rescue Squad for the outstanding work they do and for the service they render the citizens throughout the county.

The 1976-77 Annual Fund Drive will officially begin this year on October 1, 1976 with squad members ready to accept your contributions for operating expenses, heart monitoring expenses, and to purchase a much needed base radio station.

A goal of $12,500.00 has again been set for this year and the slogan "GIVE TODAY FOR A HEALTHY TOMORROW" has been adopted by the squad. Without the help and the generous contributions of citizens of Appomattox County, the three ambulances now manned by members of this volunteer organization could not operate.

A canvass in the same manner that was used in the past three years will again be used this year. Spot locations will be set up throughout the county on October 1 and October 2 and members will be on hand to accept your donations.

On Friday night, October 1, 1976, members will be stationed at Triangle Plaza Shopping Center, Wilbun's Super Market, and at Chamber's Store from 6 p.m. until 9 p.m.

On Saturday, October 2, 1976, members of the squad will be at Triangle Plaza Shopping Center and at Wilbun's Super Market from 9 a.m. until 9 p.m. and at locations in Pamplin, Spout Spring, Oakville, Evergreen, Vera, and at Marston's Store to accept donations.

County citizens are asked to cooperate again this year by stopping by one of these locations and making your contribution to this worthy organization. You may donate to any member of the Appomattox County Rescue Squad or you may mail in your donation to Appomattox County Rescue Squad, Fund Drive, Box 57, Appomattox, Va. 24522.

The 1976-77 Fund Drive is headed by Ray Noble, Training Officer of the squad, who is also serving as Finance Chairman. Serving on this committee with Noble are Jimmy Rogers, Captain; and Andy Scruggs, President. Mrs. Beck Hudson is chairman of the Publicity Committee and serving with her are Richard Bartlet, Pat O'Brien and Abner Scruggs.

YOU, the people of Appomattox County, have expressed your confidence in the Appomattox County Rescue Squad in past years by your generous donations and members of the squad feel that it is only fair to you to maintain the latest and most efficient in equipment, training programs, and communications.

With your continued cooperation this fund drive will be the success that it has been in the past if you will "GIVE TODAY FOR A HEALTHY TOMORROW."
